IMPORTANT DISCOVERY.

DIBBLEEANIA,

A True Medical and Mechanical Treatment for the Preservation, Strengthening and Beautifying the Human Hair.

The vast experience WM. DIBBLEE has had in the practical treatment of the hair, the wonderful confidence, and hence the unprecedented patronage he has enjoyed from nearly every distinguished family in and visiting the City of New York, renders any clap-trap on his part unnecessary. A scientific discovery, bearing upon the medical and mechanical treatment for the preservation, invigorating and strengthening the roots, for thickening and vivifying dead or dull looking hair into the magnificent gloss, life, and strength, and luxuriance of youth and health; for preventing the hair falling out or becoming thin; for the prevention and cure of all eruptive diseases affecting the scalp, whether in the form of pimples, rashes, ringworms, bald spots, scurf and dandruff, or profuse acrid perspiration or dryness—is now offered to the ladies. His DIBBLEEANIA is given to the public with the precise rules for the medical and mechanical treatment of and application to the hair, for training, as it were, and guiding its growth to a state of luxuriance hitherto unknown to those even possessing and boasting of a good head of hair, and wonder-working replenishments upon those heads where deficiency or debility deprives feminine loveliness of this boon of nature's most expressive ornament. Manufactured and sold only by

G. CLARKE HENDERSON, COMPILER.

BROOKLYN:
PUBLISHED BY HOPE & HENDERSON; OFFICE, 181 FULTON STREET.
1856.

CARD
CATALOGUED.

Entered according to Act of Congress, in the year 1856, by
WASHINGTON L. HOPE AND G. CLARKE HENDERSON,
In the Clerk's Office of the District Court of the United States, for the Southern District of New York.

MILLER & HOLMAN,
PRINTERS AND STEREOTYPERS.

TO THE PUBLIC.

THE Compiler, at the conclusion of his labors, and in presenting the first volume of "HORN & HENDERSON'S DIRECTORY," cannot refrain from expressing his sincere and grateful thanks to those who, relying on his industry and integrity in this pursuit, became subscribers thereto.

The "BUSINESS DIRECTORY" which has been added, is an entire new and attractive feature in Brooklyn, and one that we claim as having originated at this office. It has been carefully examined and compared with the General City Directory, yet inaccuracies will, no doubt, be found. A great source of trouble has been the desire manifested by some persons to have their names placed under heads to which they did not properly belong. It would be impossible for the Compiler to correct all errors of this kind.

The "STREET DIRECTORY," and "APPENDIX OF GENERAL INFORMATION," has been greatly extended, and much pains taken to insure accuracy. It will, no doubt, be found worthy of every reliance.

Notwithstanding the Compiler has been engaged for the last nine years in preparing the several Directories both in this and New York city—each year adding to his experience and facilities—still, a certain ill-meaning individual, with hardly a particle of qualification, and with very little regard for the words "honor" and "probity," has made every effort possible to assume his position in the regular business of compiling a Directory. Such deception, however, could only be successful in preliminaries, exposure being certain where the result of his schemes was examined. Desirous of avoiding all collision with persons of that character, no notice has been taken by the Compiler, except so far as was necessary to protect the patrons of this work against his attempts—and he has, consequently, suspended his application for that legal redress to which he is justly entitled.

Notwithstanding the assertions that have been made use of by this person, the Compiler is proud to acknowledge his obligations to that public whose patronage has enabled him to defeat every effort made to oppose him. But still he regrets that his present compilation, though far superior to the imperfect affairs that have of late years been published, is not such as he would have wished, or as it would have been, had a little more time been allowed for the task; for a first publication has more to be gone through with, than when it has once become established. Besides, the *entire* city had to be canvassed, and the list carefully revised before any other branch of the business could be commenced, and that, too, after the "first of May," while that of the opposition was commenced EARLY IN APRIL. And, their publication being divided in parts (which arrangement any sensible person will condemn), the Western District was being arranged and printed while the canvass of the Eastern was yet going on, which advantage enabled them to issue their publication a few days in advance of ours; and when it did appear, it was immediately presented at every place where it was likely a Directory was required, and, in many instances, thoughtlessly purchased instead of the one issuing from this office. Thus, if the Compiler should issue his work any considerable time after theirs, the publishers must necessarily become subject to a ruinous loss. If business men would observe more caution in giving their subscription, and in purchasing a Directory, the Compiler would be enabled to pursue his business without regard to other parties. It seemed a rule this year, for the "opposition Directory" to employ men who, with the most unscrupulous statements and unyielding importunity, solicited subscriptions.

Among the assertions made use of by the above-named individual and his associates, was the following: that the Compiler of this work had destroyed certain memoranda belonging to the office of the former publisher; but he did not state that the case had been before a Grand Jury, and had resulted in the immediate honorable acquittal of the accused party—there being not a

shadow of proof against him. It may be judicious to state here that, after the case had been concluded, the Compiler presented his bill, amounting to nearly two hundred and fifty dollars, for payment, which the publisher refused to pay on the grounds of the old case, and it was brought to trial in the City Court of Brooklyn, on the 25th day of October, 1855, Messrs. D. C. & J. Winslow appearing for plaintiff, and Messrs. Hadden & Lewis for defendant. Notwithstanding the exertions made by the defendant and his counsel, and their plea of "incapability," "negligence," and "destroyer of certain memoranda," it was shown *by the defendant's own witnesses* that the Compiler had superintended the New York City Directory, that he was fully capable, that he had advanced the publication of the defendant as rapidly as possible, and that he had done all in his power for the benefit of the publisher, and that, instead of showing "certain memoranda" to be missing, it was generally concluded, both by the jury and spectators present, that none had disappeared, and judgment was accordingly rendered by the jury, *without leaving their seats*, for the full amount with costs. After judgment had been given, it was supposed it would be immediately settled; but the defendant, it appears, had not been idle, for an assignment had been made which placed everything beyond the reach of the Sheriff. Upon closer examination, however, it was presumed that this assignment was not so powerful as it appeared at first view; the Sheriff was accordingly secured, and possession taken of a safe and desk, which were afterwards sold by the Sheriff on execution. The Assignee, not wholly liking these proceedings, immediately commenced suit against the Sheriff, which resulted in the Court sustaining the action of the Sheriff, on the ground that the assignment was fraudulent and void. Thus has been presented to the patrons of this work, a true and full statement from beginning to end, believing that, in putting the public in possession of the facts, their approval will be awarded to, and future favors gained by, the Compiler.

The principal difficulty which the Compiler of a Directory encounters, is the mis-spelling of names by the canvassers; and this difficulty is greatly augmented when any necessity exists for unusual haste. The most careful men will, occasionally, make mistakes in writing names; and it is rarely that one is found whose chirography is at all times sufficiently distinct to distinguish each particular letter, and as the work occupies but a short time, a majority of the best penmen, who chance to be out of employment at the time, will not take hold at almost any price, and the profits of a Directory being but small, a very great inducement cannot be offered them, and the Compiler is necessitated to take whoever may come, and make the best selection he can from them, upon whose ability the accurateness of the work mainly depends. The work is also subject to errors in typography, which it seems the greatest vigilance cannot avoid; for their being no standard rule for the spelling of any name, a wrong letter can easily be passed over in the reading. When taken into consideration, that the BROOKLYN CITY AND BUSINESS DIRECTORY contains over six hundred pages, and nearly sixty thousand names, canvassed for, arranged, and published in forty days, and that over one hundred men were employed, many of whom were unacquainted with the business, and that this is our first publication, it is believed that these circumstances will be accepted as some apology for the deficiencies that may be detected during the year.

It is the intention of the Compiler to continue this work each year; and hopes, that with his long experience in the business, and a familiarity with the names of the inhabitants of Brooklyn, together with a full determination to issue a Directory *superior* to any ever before published, to gain the favor and patronage of all.

No matter what may be asserted, the patrons of this work may rest assured that each year will witness new and continued improvements.

Very Respectfully,

G. CLARKE HENDERSON, *Compiler.*

THE GREAT

PIANO AND MUSIC

EMPORIUM OF

HENRY B. SANFORD,

23 Court St., Brooklyn.

Music, Pianos, Melodeons, Guitars, Accordeons, Flutinas, Flutes, Fifes, and everything in the line of Music can be found equal in quality, though less in price, than can be obtained in New York.

STEINWAY PIANOS.

Constantly on hand, in large assortments of every variety of style and price, with or without the Æolian Attachment—made by C. Gilbert & Co.

These justly celebrated Pianos of WM. STEINWAY, whose instruments, as you see by the papers, they are becoming more widely circulated, are making for themselves a name which is destined ere long to be First among the numerous Piano Manufacturers in this Country. Being SOLE AGENTS for the above, they will be furnished at the lowest factory prices. Every piano is equal to the Grand Pianos, and their style and finish are unequalled by those of any other manufacturer.

SMITH'S MELODEONS.

Unequalled by those in the market, as they are far superior to any of other makers. They are sold to purchasers at the *same price* as others, and warranted to give entire satisfaction, as they will be found to be much more durable, and possessed of better tone than can be found in others.

MUSIC,

AMERICAN AND FOREIGN.

This department comprises publications of every variety, and is receiving constant additions, by the publications of every Music Publisher in the United States—besides those of our own, which, though they be not as numerous, will, I think, be found to contain more music and finer than the generality of the productions of the larger publishing houses.

PIANOS AND MELODEONS

Rented and Sold on Monthly Payments.

THE RENT WILL ALSO BE ALLOWED ON PURCHASE.

DISCOUNT MADE TO TEACHERS, VOLUNTEERS, AND CHURCHES.

Purchasers of Piano Music and Musical Instruments will find it greatly to their interest to call at the

MUSICAL EXCHANGE,

26 COURT STREET.

Before making their arrangements elsewhere. Music sent to any part of the United States free of Postage, on receipt of Money.

HOPE & HENDERSON'S

COMPLETE

STREET AND AVENUE DIRECTORY

OF THE

(CONSOLIDATED)

CITY OF BROOKLYN.

(Corrected April, 1856.)

Entered according to Act of Congress, in the year 1856, by Washington L. Hope, and G. Clark Henderson, in the Clerk's Office of the District Court of the United States for the Southern District of New York.

Showing the position, commencement, and termination of each Street, Avenue, Place, Lane, Court, Alley, etc., in the Consolidated City, with the junctions and crossings of the intersecting streets; also, the number of the building at the corner of each street, avenue, etc., when there is any.

When there is no house on the corner, or where the corner house fronts on the crossing street, the number nearest the corner is given, and a * placed before it to denote that that number is not to be looked for on the corner of the street or avenue named.

A — denotes that there is no number on the corner or near the corner.

A † placed in the right or left column denotes that the street does not extend to that side of the one under whose heading it is found.

As a rule, the numbers will be found to commence *eastward* and *southward* from the opening of the street or avenue, the even numbers occurring generally on the *right-hand* side.

EXPLANATION.

If you wish to find the location of any number,—for instance, No. 136 **Fulton-street**; on consulting this Directory, you will observe that 131 Fulton is on the left-hand of that street, and on the corner of Nassau; and 205 Fulton is on the left-hand corner of Concord: hence, the desired number, 136 Fulton-street, will be on the left-hand side, between Nassau and Concord.

NOTE.—The capitals E. D. when placed after a street, avenue, etc., denotes that it is in the Eastern District. As there are several streets in Greenpoint, Bushwick, and Williamsburgh, of the same name, and all being reckoned as the Eastern District, the exact location of such streets is given in connection with the capitals E. D.

The CITIZENS' UNION CEMETERY is situated about four miles from the Fulton Ferry, on Rochester and Ralph Avenues, and Butler and Sackett Streets. It comprises about 12 acres. It is designed more particularly as a burial place for the colored, the law forbidding the commingling of the dust of the black man with that of the white, in death.

The size of a burial plat is 400 superficial feet. A part of the plats are sub-divided into quarters and eights, lots and half lots. The prices are as follows: a plat, $50; lot (10 by 20

feet), fronting on an avenue, $30; the same fronting on a pathway, $25; a half lot (10 by 10 feet), fronting on an avenue, $15; the same fronting on a pathway, $12.50.

The charges to lot owners for opening and closing a grave are $3 50, for adults and $2 00 for children under 10 years of age.

The Trustees of this cemetery have no rule which excludes any person from sepulture within its borders, on account of complexion, and they cordially invite all who are without prejudice to inspect the grounds, and if pleased with its locality and arrangement, and the reasonable rate of lots, to unite with them and others in adorning and perpetuating the CITIZENS' UNION CEMETERY.

Persons, desiring to avail themselves of the advantages of this cemetery, may apply to either of the Trustees or Officers of the Association.
